

2 & 4 Way Adjustable Curved Blade Grilles (TW-CB / FW-CB)

Finish Standard: Satin anodised AA5 natural.

Borders Standard: 32mm.

Fixings Optional: All fixings are by request only.

Dampers Optional: Opposed Blade Dampers (Type D), if required are permanently fixed by pop rivet to the grille and are operated through the grille face.

Curved blade diffusers are available in 1, 2, 3 or 4 way air diffusion patterns, 1 & 3 are by special request.

Curved blade diffusers have one set of individually adjustable blades held in position by high tensile spring wire.
