

Monsoon Ceiling Sweep Fans

- For cooling in summer and energy conservation in winter.
- 3 blade design finished in white.
- Resilient mounting ensures low vibration, speed controllable.
- Two drop rods 150mm and 400mm
- Fully reversible

CODE	DESCRIPTION
HCT900	Sweep Fan 36" (900mm)
HCT1200	Sweep Fan 48" (1200mm)
HCT1400	Sweep Fan 56" (1400mm)
HFC-1.7	1.7A Speed Control (up to 4 fans)
HFC-3.0	3.0A Speed Control (up to 8 fans)
HFC-6.0	6.0A Speed Control (up to 14 fans)
HFCFC	Reversible Speed Control (up to 4 fans)
HCFDC	Automatic Temperature Controller

Monsoon Air Circulation Fans

- Designed to prevent heat stratification and prevents build up of stagnant air
- Motors are Class 'F' insulated, IP55 and are suitable for speed control
- Aerodynamic impeller manufactured from high quality
- Glass reinforced polypropylene

CODE	DESCRIPTION
MACF450-4	450mm 4 Pole Air Circulation Fan 1.70m ³ /s, Throw 40-45m
MACF450-6	450mm 6 Pole Air Circulation Fan 1.12m ³ /s, Throw 35-40m
MACF500-6	500mm 6 Pole Air Circulation Fan 1.37m ³ /s, Throw 40-45m
MACF630-6	630mm 6 Pole Air Circulation Fan 2.86m ³ /s, Throw 45-50m

Monsoon Destratification Fans

- Improved heat distribution and reduced
- High efficiency fan easily accessible for cleaning and maintenance
- Suspension eyelets fitted as standard for easy installation
- Complete with integral humidistat

CODE	DESCRIPTION
MDF500-4	500mm De-stratification Fan 4 Pole 1.8m ³ /s
MDF630-6	630mm De-stratification Fan 4 Pole 2.2m ³ /s
