The Monsoon MA-Series Axial fan range has been designed with automatic louvre shutters for exhaust ventilation with the air flow capacity of up to 237m<sup>3</sup>/h.

A modern and aesthetic look make this fan suitable for bathrooms and kitchens and other utility spaces and can be wall or ceiling mounted. The casing and the impeller are made of high-quality durable ABS plastic and are UV resistant.

The intellectual quiet 7 impeller design makes the fan highly efficient and ensures a long product life.
