

### Monsoon Commercial ACM Mixed Flow Fans

- Available in three sizes
- Supplied complete for simple installation
- Optimise fan performance by using a controller
- Diagonal impeller with stator
- Galvanized metal (250-315mm) & Plastic (200mm) housing
- Integrated thermal switch
- Includes a mounting bracket
- Designed to meet IP54

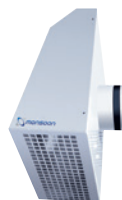

CODE	DESCRIPTION
17108010	200mm Standard In-line Fan (972m <sup>3</sup> /h)
17110010	250mm Standard In-Line Fan (1,400m <sup>3</sup> /h)
17112010	315mm Standard In-Line Fan (2,350m <sup>3</sup> /h)
W300310	Surface Mounted Variable Speed Controller for 250mm Fan
10314103	Surface Mounted 5 Speed Controller for 315mm Fan

Please see page 39 for smaller models.

### Metal Cased External Centrifugal Fans

- For outdoor wall installation
- Removes noise from in the building
- Ball bearing motor, IPX4 thermal protection
- Speed controllable, low noise levels

CODE	DESCRIPTION
UEC100	100mm External Centrifugal Fan (280m <sup>3</sup> /h)
UEC125	125mm External Centrifugal Fan (390m <sup>3</sup> /h)
UEC150	150mm External Centrifugal Fan (600m <sup>3</sup> /h)
